JUNIOR UX/UI & PRODUCT DESIGNER

PROFESSIONAL SUMMARY

Junior UX/UI Designer with a professional background in graphic design and a strong focus on digital products. I translate user evidence and product requirements into clear flows, interactive prototypes, accessible interfaces and consistent visual systems. Applied experience in UX research, usability testing, responsive design and product documentation. Seeking a remote LATAM role within a multidisciplinary team, collaborating with design, product and engineering.

CORE SKILLS

UX/UI Design | Product Design | Figma | FigJam | User Research | User Flows | Wireframing | Interactive Prototyping | Usability Testing | Design Systems | Responsive Design | Information Architecture | Interaction Design | Accessibility | UX Writing | Product Documentation

PRODUCT PROJECTS

ForumGo | Voting Interface Redesign | TripleTen LATAM | 2026

Digital product for exploring, comparing and selecting speakers with greater clarity, control and confidence.

- Redesigned the exploration, comparison, selection, review and confirmation flow through information architecture, interactive prototyping and usability principles.
- Identified predictability, feedback, hierarchy and comparison issues using Maze, heatmaps, a post-task survey and journey mapping.
- Delivered a responsive prototype with refined states, microcopy and stronger final confirmation to reduce decision uncertainty.

PagoConectado | Offline Payments App | TripleTen LATAM | 2026

Fintech app designed to make and synchronize payments in low- or no-connectivity contexts.

- Designed an offline/online flow that clearly communicates connection, validation, pending transaction and synchronization states.
- Defined visual cues, security microcopy and immediate feedback to reinforce trust and control during critical payment moments.
- Built a mobile-first prototype with reusable components, transaction history and consistent interaction patterns.

Subtrack | Subscription Management Dashboard | TripleTen LATAM | 2026

Responsive dashboard for viewing, managing and optimizing active subscriptions.

- Designed a list-detail experience to improve visibility, comparison and control across active services.
- Created a scalable visual system using design tokens, reusable components, states and documentation.
- Defined responsive behavior from mobile to desktop, prioritizing hierarchy, readability and operational efficiency.

PROFESSIONAL EXPERIENCE

GRAPHIC™ | Multimedia Designer | Bogotá, Colombia | Feb 2020 - Nov 2025

- Developed and maintained visual systems for multiple brands, improving consistency through visual direction, composition, typography and identity guidelines.
- Organized requirements, priorities, versions and deliverables across parallel projects, strengthening workflow control and final quality.
- Integrated feedback and refined solutions iteratively, translating communication needs into clear and coherent digital assets.

AUVIMU S.A.S. | Multimedia Designer | Bogotá, Colombia | Jun 2018 - Feb 2020

- Coordinated graphic deliverables and design reviews, improving operational organization and visual consistency.
- Designed web, advertising, photography and audiovisual resources adapted to multiple formats and communication needs.

JOYERÍA GIOIELLI & Co. | Graphic Designer | Bogotá, Colombia | Jun 2016 - Dec 2019

- Redesigned the brand identity and digital presence, creating a clearer, more premium and consistent visual experience.
- Defined a visual system for high-value products through photography, hierarchy, brand tone and composition.

EDUCATION AND TRAINING

UX/UI Designer Certificate | TripleTen LATAM | Nov 2025 - Present

Intensive training in UX/UI design, user research, prototyping, usability testing, responsive design, documentation and case-study presentation.

Innovative Digital Product Design | Universidad de los Andes | Feb 2026 - Mar 2026

Continuing education in user experience, digital interfaces, applied research and digital product development.

Professional Training in Graphic Design | Universidad Jorge Tadeo Lozano | Aug 2011 - Nov 2016

Visual communication, composition, typography, visual direction, graphic identity and design solutions.
